## Plus<sup>®</sup>

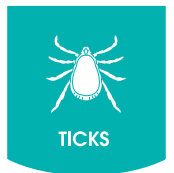

## INSECTICIDE MICRO-GRANULE

FLEAS

COCKROACHES

TICKS

LETAL PLUS is a micro-granulated insecticide, acaricide and tick treatment that can effectively eliminate all kinds of crawling insects. It provides unbeatable results for the disinfection of all types of livestock facilities, and in veterinary clinics and slaughterhouses. Thanks to its micro-granulated formula, it is easy to use and has greater resistance to humidity, prolonging its effectiveness over time.

## INSECTICIDES

### DESCRIPTION:

LETAL<sup>®</sup> Plus is an effective insecticide, acaricide and tick treatment that combines Deltamethrin and Cypermethrin, two powerful active ingredients that can effectively eliminate all types of crawling insects such as fleas, ants, ticks, spiders, cockroaches, etc. It provides unbeatable results for the disinfection of all types of livestock facilities such as stables, barns, folds, pens, kennels, rabbit huts, etc. and in veterinary clinics (areas where animals are kept such as hospitalisation cages, patios, etc.), slaughterhouses (animal stabling areas) and livestock transportation vehicles. Thanks to its micro-granulated formula, it is easy to use and has greater resistance to humidity, prolonging its effectiveness over time.

### USE:

Ideal product for the elimination of fleas, ticks and their larvae in livestock facilities, thanks to its effectiveness and endurance.

### MODE OF USE:

Apply the product evenly, using 3 to 6 grams per square metre. Repeat when necessary, when changing bedding or directly onto bedding every 10-15 days.

### ENVIRONMENTAL AND DOMESTIC USE REGISTRATION No.:

15-30-07409

### USE IN LIVESTOCK FARMING REGISTRATION No.: 0965-P

USE BIOCIDES SAFELY. ALWAYS READ THE LABEL AND PRODUCT INFORMATION BEFORE USE.
