PARASITAL[®]

Collar

ANTIPARASITIC SMALL AND MEDIUM SIZED DOGS

PARASITAL[®] Antiparasitic collar for small and medium sized dogs, based on repellent essential oils and without insecticides. Full protection against insects.

Simply place the collar around the animal's neck to protect it for 3 months. It has tried and tested effectiveness as a repellent against the Phlebotomus mosquito, which transmits Leishmaniosis. Effective for up to 3 months.

PARASITAL®

Collar

DESCRIPTION:

PARASITAL® is an antiparasitic collar for small and medium sized dogs. Thanks to its composition, based on natural active ingredients, it acts effectively against the eternal enemies of our pets. It is a product based on repellent essential oils and without insecticides, providing full protection against insects.

External parasites, such as ticks, fleas, flies and even the mosquito that transmits leishmaniosis, will no longer be a problem. The antiparasitic collar will provide well-being and peace of mind to pets and owners alike.

The products that are part of the PARASITAL® range are suitable for eliminating the discomfort caused by insects and mites, a common problem in the life of pets. Independent approved laboratories and experimental studies have demonstrated its effectiveness and guarantee its endurance.

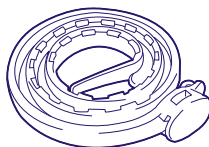

PARASITAL® antiparasitic collar for small and medium sized dogs provides the necessary degree of comfort and well-being, making the day-to-day life of the animal and its owner much easier.

With high repellent power and endurance, the antiparasitic collar PARASITAL® Zotal for dogs will look after your pets in a natural fashion. Our antiparasitic collar does not contain PVC and does not use chemical insecticides. Experimental studies have also demonstrated its repellent effectiveness against Phlebotomus mosquitoes, which transmit Leishmaniosis.
